FLOWER OF MAY HOLIDAY PARKS

Coast, Country or City

A FAMILY BUSINESS...

The Atkinson family diversified from farming into family holidays over fifty years ago. Their continued success at the Flower of May Holiday Park enabled them to expand the business over the years, acquiring parks throughout Yorkshire.

Owning a holiday home is all about enjoyment, therefore our philosophy is to provide excellent parks, with superb facilities, set in stunning locations.

We have a relaxed sales approach and we always make sure that we take the time to get to know our customers by their names rather than their pitch number.

We believe that when you are looking at buying a holiday home the experience should be guided by you. If you want to get the keys to a selection of holiday homes and a park map, then make your own way around as a family, that's absolutely fine. Equally, if you need a little bit of help or a question answering, just ask one of our knowledgeable team.

The best way to discover the parks and imagine your family living that lifestyle is to come along and have a look around, and we would love to welcome you to one of our parks.
